Gentlemen:

I would like to express our extreme pleasure in working with Stewart Bradley during the recent construction of our new office space. Stewart was very knowledgeable of all aspects whether it was electrical, dry wall, cabling, etc. He was always very responsive to any phone calls or emails when any questions or concerns would arise. One aspect we really liked was that he was able to explain things in ways we could all understand and comprehend which made the entire project so much easier. He has checked back with me several times after our construction was completed to ensure everything is going smoothly. He is also continuing to participate in conference calls regarding the issues we are having with the crac-unit to assist us in finding a resolution.

I would like to personally thank him for the guidance and assistance he provided me throughout the entire process. He is definitely an asset to your organization and anyone would be fortunate to have him in-charge of their construction project.

Please feel free to contact me at 540-983-8854 if you would like to discuss further.

Very truly yours,

KPMG LLP

Carrie M. Duncan
Office Manager
